Board of Directors' responsibility for the annual accounts

Responsibility of the Réviseur d'Entreprises agréé

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgement of the Réviseur d'Entreprises agréé, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the Réviseur d'Entreprises agréé considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the annual accounts give a true and fair view of the financial position of Regus plc (société anonyme) as of 31 December 2014, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts.

4 Capital and reserves (continued)

4.3 Legal reserve

In accordance with Luxembourg Company Law, the Company is required to transfer a minimum of 5% of its net profits for each financial year to a legal reserve. This requirement ceases to be necessary once the balance of the legal reserve reaches 10% of the issued share capital. The legal reserve is not available for distribution to the shareholders.

4.4 Reserve for own shares

During the year the Company utilised 1,858,441 treasury shares held as assets to satisfy share option remuneration awarded to the Group's employees. This reduced the number of own shares held to 3,398,939 shares. The Company also purchased 9,484,516 shares during the year, increasing the total number of treasury shares held at the financial year end to 12,883,455 shares.

In accordance with Luxembourg Company law, a non-distributable reserve, equal to the total value of these treasury shares, is maintained on the balance sheet and will remain unavailable for as long as these shares are held.

5 Amounts owed to affiliated undertakings

becoming due and payable after more than one year

In 2012 the Company entered into a zero balancing agreement (ZBA), a daily clearing of bank balances, with Pathway Finance S.à r.l.. During the year this balance was transferred to a loan account, and subsequent ZBA balances were transferred to the loan account on a monthly basis. The loan attracts interest at a rate of LIBOR 3M + margin, which is charged quarterly.

Given the intercompany nature of the amounts owed to affiliated undertakings, and the revolving nature of the facility under which these are provided, which has no defined end date, the loan balance is considered by the Board of Directors to be repayable after five years.

In the context of the above intra-group loan facility agreement, amounting to a maximal possible to be drawn amount of GBP 40,000,000, the Company awarded a first ranking floating charge over all or substantially all of its assets (or equivalent security), in favour of Pathway Finance S.à r.l..
